

**NO LEGAL ADVICE GIVEN**

I, the undersigned, understand and agree that

\_\_\_\_\_,  
also known as "Service Provider", is not an attorney and is offering Incorporation and LLC filing services through a third party professional filing service, which will handle all state filings necessary to form my entity or make changes to my entity. I acknowledge that my Service Provider will be providing oversight to make sure the filing process is conducted professionally, but will not actually be filing any documents for me. Further, I have not received legal advice or legal guidance from my Service Provider, and I understand that if I need legal advice or guidance, I will seek this advice from a licensed attorney in my state.
